Good Race All the Way-Belgian Eight Meets the Winners in Final Heat To-day -Blackstaffe Wins His Heat in Diamond Sculls Other Races of the Regatta

Special Cable Despatch to THE SUN. HENLEY. England, July 5.—The eight-cared crew of the Vesper Boat Club of Phila-delphia was beaten by the Leander Boat Club's eight in its second heat for the Grand Challenge Cup here to-day. Leander by one length. The winning crew's time

was 7 minutes 1 second. was 7 minutes 1 second.

There was practically no wind on the river, and neither crew had any advantage by reason of its position. Both eights as they rowed to the starting post were loudly cheered by the spectators who lined the banks and filled punts and houseboats crowded along the sides of the course. The crews got away to an even start, the Leanders rowing 41 strokes to the minute and the Vespers 39. The Leanders took the lead immediately and were a quarter of a heat length shead at the top of Temple Island and nearly half a length to the good at the quarter mile. In two minutes from the start Leander had gained a lead of half a length and had gone a long distance in that time— nearly to the gate on the towing path at

The Vespers were rowing well, but the Leanders' longer stroke enabled them to increase their lead. They were three-quarters of a length ahead at the half mile. At Fawley Court, the half-way point of the course of 1 mile 550 yards, Leanders' boat was nearly clear. The time of the leading crew to this point was 3 minutes 20 seconds. The Vespers were rowing 38 and the

Despite desperate effects by the Americans, I eander went away azain and had regained a lead of three-quarters of length at the mile. They drew clear of the Vespers' shell just below Phyllis (ourt. It was a desperate finish, the Vespers not breaking down in any way. The race was a magnificent spectacle and a fine exhibition of different styles of rowing.

In the other semi-final heat for the Grand Challenge Cup the Club Nautique de Gand of Belgium heat the London Rowing Club by three lengths in 7.20. The final heat tomorrow will be between the Belgians and the Leanders. The third Trinity crew heat Merton College in 8 minutes 17 seconds.

For the Stewards' cup Trinity beat the Thames Boat Club in the third heat by half a length in 7 minutes 57 seconds.

In the heats for the Diamond Sculls H. T. Blackstaffe beat Guy Rixon in 8 minutes 35 seconds. For the Visitors' Challenge cup, Trinity For the Visitors' Challenge cup, Trinity Hall bear Balliol.

For the Ladies' plate Eton College beat Merton easily in a minutes 47 seconds. Christ's College beat Jesus College by half a length in 4 minutes 50 seconds. The Christ crew looked an easy winner all the way, but Jesus spurted at the finish and was beaten only half a length.

THERY WINS CUP RACE. Americans in Auto Contest Not in the Running.

Special Cable Desputch to THE SUN. LESCHAMPS, France, July 5.-M. Thery the French team, driving a Richard-Brasier 06 horse-power car, won the annual automobile race for the Bennett cup here to-day. He completed the fourth lap of the Auvergne course, a total of 341 miles, in hours and 10 minutes gross time. His net running time was 7 hours, 2 minutes, 42 Nazzari (Fiat) of Italy, was second; Cagno

(Fiat) of Italy, third; Caillois (Richard-Brasier) of France, fourth, and Clifford Earp Napier) of England, fifth. Of the three Americans entered, Dingley (Pope-Toledo) retired, and his time was not taken. Tracy (Locomobile) retired in the second round. His time at the end of first round was 2 hours 42 minutes and 55 seconds. Lytle (Pope-Toledo) had sev The scene at Ferrand-Clermont last night was remar'table. Banners and flags were flying from triumphal arches in the glare of thousands of electric lights. The stormy night passed, and a glorious dawn aroused the many who had spent most of the night in the open wrestling with the wreckage of the encampment caused by the day's hurricane. The heavy rain that accompanied the storm did not damage the course. The dry surface absorbed it, putting the track in splendid order, although clouds of dust arose later.

An immense crowd witnessed the start. It included, in addition to many Englishmen and Americans, innumerable peasants who had walked ten or fifteen miles to see the event.

The course was carefully guarded by solders within easy distance of one another, and gendarmes were stationed at special points. Special fences had been erected along the whole route against dogs and chickens, although a dog did succeed in setting in front of Lancia. It was killed.

The coverings of the stand of the Automobile Club of France were torn away by the storm.

mobile Club of France were torn away by the storm.

Thery was the first contestant off in the race. He started at 6 o'clock, and the others were sent off at intervals of five minutes.

Thery and Jenatzy (Mercedes) got off best. Lytle and Dingley made a slow start. Tracy, the other American representative, showed fine speed. Jenatzy was in trouble 9% miles from the start, losing twenty minutes. The three Americans were not excited. They hoped to win not by speed, but by reliability. The official time of the leaders at the end of the first round follows: Lancia (Fiat), 134.57; Thery (Richard-Brasier), 134.107; Duray (De Dietrich), 134.27; Earp (Napier), 154.11,

A change occurred in the third round, Lancia, who had been leading, losing his place through some trouble, and at the end of the third round Thery had taken the lead. Duray was second.

PRIVATE SALES, LEASES AND PUBLIC AUCTIONS.

Builder Takes Profit on Three Six Story Apartment Houses at Manhattan Ave. and 100th St.-Many Tenements and Flats Figure in Brokerage Deals.

The brokerage sales made public yesterday gave little if any evidence of the contraction in trading which was expected to take place after the mortgage tax went into effect. However, it is possible to explain yesterday's good showing on the theory that most of the transactions were put through before July 1. Perhaps in a majority of instances private sales are not reported immediately, most brokers withholding them from publication until shortly before the deeds are to go on record. For this reason it will be several weeks before the actual bearing of the mortgage tax will be unmistakably reflected in the business reported from brokers' offices. That of yesterday was fairly large in volume, though confined to residence property, chiefly flats and tenements.

CYCLISTS RACE AT NIGHT. Track Contests by Electric Light Inaugu-

rated at Vallsburg. Night racing by electric light had a pro pitious beginning on the Vallsburg bicycle track in Newark Tuesday night. The course was illuminated by arc lights, and a tower had been placed in the infield to enable the spectators to watch the riders when they were on the back stretch. Eddie Root of Boston, who, with Oliver Dorlon, won the last six day team race in Madison Square Garden, Boston, who, with Oliver Dorlon, won the last six day team race in Madison Square Garden, has the distinction of having captured the first electric light professional event at Vallsburg, by finishing first in the half mile open. John Bedell annexed the five mile handicap by a well timed jump in the last lap, Dorlon being second and Root third. Billington tried to sprint the last lap in the final, heat of the one mile open amateur event, but his quarter mile effort was too much for him and he finished fourth. Zanes, Rupprecht and Franks finishing in the order named. Billington was also fourth in the two mile handicap, which Franks accounted for from scratch. Dorlon and Fogler had things very much their own way in the afternoon races, Dorlon taking both professional events and Fogler being second in one of them. Menus Bedell, just back from France, captured second place in the open event by a great sprint in the last few yards, defeating Root by an inch. Edward Rupprecht and Charles Franks, both of the Bay View Wheelmen, divided the amateur races between them. Rupprecht taking the five mile handicap by thirty yards from scratch and Franks sprinting to victory in the half mile open. William Hofsess qualified easily in his heat of the novice event, but was thrown in the final. The summaries:
